Managing your personal information is easy, right?

0:03
You know just where to go to change your address, update your beneficiaries and view your pay slips.

0:09
Well, not quite.

0:10
You see, with multiple websites, endless request forms and ineffective time consuming paper processes, it's really hard not to mention ineffective.

0:20
There must be an easy way to do this.

0:22
Well actually there is.

0:24
Introducing Work Day Work Day makes it easy to change personal information, check your benefits, request time off, find people in your directory, submit expenses, and generate reports.

0:35
You can just as easily navigate your company's work chart.

0:39
What else makes Work Day cool?

0:40
It looks and works just like your favorite website and houses all of your information in one place.

0:45
The Cloud.

0:46
The Cloud is a secure way to store information without physically keeping it at your workplace, and it's available on any device, anytime and anywhere.

0:55
Yes, even from your favorite coffee shop.

0:58

You're joining millions of workers around the world who are using this next generation of enterprise software.
