Joan Secchia Children's Rehabilitation Hospital 2024 Year End Update

Generous support is helping to build Joan Secchia Children's Rehabilitation Hospital—a state-of-the-art facility dedicated to helping children achieve their best possible outcomes through compassionate care, innovation and interdisciplinary collaboration.

We are pleased to share that we have surpassed \$68 million in our \$70 million Leaps & Boundless capital campaign!

This transformative project remains on track for completion by the end of 2026. Once complete, Joan Secchia Children's Rehabilitation Hospital will deliver advanced rehabilitation care for children and families, doubling inpatient capacity and expanding outpatient capacity by 20%.

Construction Milestones

In August, a ceremonial groundbreaking celebration took place, a momentous occasion in making this dream a reality. Site preparation, excavation and utilities work are progressing as planned. Once the soil is prepped and graded, foundation work will begin this month.

Designing for Joy

Our design efforts are advancing quickly! Key phases—concept, schematic, and design development—are complete. A "Wow Committee" has been formed to incorporate engaging non-clinical features, such as interactive art installations and sensory play zones, ensuring the hospital is a warm, uplifting and inclusive space for children and families.

Innovative Programs and Services

The hospital will feature cutting-edge technologies, including smart room capabilities, in-ceiling gait systems, and Bioness® Integrated Therapy Systems, enhancing care for both inpatient and outpatient therapy. Expanded services will include:

- Inpatient and Outpatient Therapy
- Orthotics, Prosthetics, and Bionics
- Intensive and Outpatient Feeding Program
- Autism Diagnostic Services

Collaborative Partnerships

We are deeply grateful for the invaluable input of Corewell Health Helen DeVos Children's Hospital leadership, who have ensured the hospital design meets the unique needs of patients and care teams. Additionally, our partnership with Ronald McDonald House Charities West Michigan will bring a thoughtfully designed Family Resource Room to provide respite and support for patient families.

Together, we are building a legacy of hope and healing for children and families.
